

You are invited to Participate in

## U.S. EPA Safer Choice Purchasers' Roundtable

**Wednesday, June 21, 2017**

**9:00 -11:30 am**

Goodwill Southern California Community Enrichment Center  
3150 N. San Fernando Road, Los Angeles, CA

EPA's Safer Choice program seeks to expand the use of greener cleaning products for institutional and industrial users in the public and private sectors. The Safer Choice Purchasers' Roundtable is an opportunity to learn more about greener products and provide input to EPA's Safer Choice program on how to support the transition to green cleaning. The Roundtable will include informational sessions on the Safer Choice Program, experience from purchasers on buying and using greener products, and an interactive session to gain your insights on how we can advance green cleaning together.

**Who should attend:** Institutional and industrial facility managers, purchasing professionals, sustainability and environmental professionals, distributors, and others in the cleaning services industry.

**To register, follow this link:** [tinyurl.com/saferchoiceroundtable](http://tinyurl.com/saferchoiceroundtable)

Space is limited to the first 50 registrants.

This event is hosted by EPA's Safer Choice program ([www.epa.gov/saferchoice](http://www.epa.gov/saferchoice)) and EPA Region 9's Pollution Prevention Program. For more information, contact John Katz at [katz.john@epa.gov](mailto:katz.john@epa.gov), or 415-972-3283
